SEARCH NOTES (INCLUDING SEARCH STRATEGY)

60/125,526	Date	Exmr.
1. WEST	11/12/00	TS
homologous recombination - enhanced - high throughput - host or nonhost system - integrated genomes		
2. DIACOG	11/13/00	TS
auto-wild - host or, whole - system - integrated genomes - phenotype or phenotypic - screen or screening - library screen - library screening - functional genomes		
3. WEST	11/13/00	TS
- phenotypic screen - cloning - recombination - homologous - expression library - mcrA - library - biotechnology		
4. WEST	5/16/02	TS
recombination wild (auto-wild) or host (SS) - homologous - recombination - screening - cloning
